

Orascom Construction Delivers Largest Methanol Production Facility in USA

Orascom Construction Limited (NASDAQ Dubai: OC; EGX: ORAS) announces the achievement of mechanical completion at Natgasoline, the largest methanol production facility in the United States. The Certificate of Mechanical Completion was signed on 18 April 2018 by both the project owner, Natgasoline, and the main contractor, Orascom Engineering & Construction USA.

Located in Beaumont, Texas, the production facility will have a capacity of up to 1.75 million metric tons per annum.

With this milestone in place, the Group further strengthened its industrial track record, which encompasses petrochemicals, fertilizers and cement projects in 11 countries around the world.

About Orascom Construction Limited

Orascom Construction Limited is a leading global engineering and construction contractor primarily focused on infrastructure, industrial and high-end commercial projects in the Middle East, North Africa, the United States, and the Pacific Rim. OC has consistently ranked among the world's top contractors and is ranked number 32 on ENR's 2017 Top 250 International Contractors list. The Group also develops and invests in infrastructure opportunities, owns 50% of BESIX Group, and holds a construction materials and property management portfolio.
