Mercedes-Benz Egypt Launches a new program for certified pre-owned vehicles

Cairo, 26 June 2018- Mercedes-Benz Egypt launched a new customer centric program where customers can buy and sell used Mercedes-Benz cars. Also, Mercedes-Benz owners can trade in their cars for a new one or a used certified car. Every Mercedes-Benz car included in this Program must pass rigorous safety, mechanical, electrical and history checks before being awarded a 12 months' warranty, 24hrs roadside assistance, and full service history.

All preowned Mercedes-Benz certified vehicles on display are meticulously checked inside out, under the bonnet and on the road by a specialized Mercedes-Benz technician. Mercedes-Benz Certified vehicles are only displayed at the Mercedes-Benz authorized dealerships after been reconditioned to meet the Mercedes-Benz quality standards.

Through this new program,, Mercedes-Benz Egypt provides its customers with the best comprehensive experience allowing them to sell their used cars and buy new or certified used cars, all under one roof. In addition, the program provides its customers with several financing options to support the purchase of the certified cars they prefer, rendering this program a perfect option for those who desire to own a Mercedes-Benz.
