Natgasoline Achieves Provisional Acceptance

Orascom Construction Limited (NASDAQ Dubai: OC; EGX: ORAS) announces that Natgasoline, the largest methanol production facility in the United States, has achieved Provisional Acceptance. Reaching this milestone in slightly over 4 months from Mechanical Completion in April 2018 highlights the Group's industrial capability and builds on the industrial track record across 11 countries.

Located in Beaumont, Texas, the production facility has a capacity of up to 1.8 million metric tons per annum.

About Orascom Construction Limited

Orascom Construction is a leading global engineering and construction contractor primarily focused on infrastructure, industrial and high-end commercial projects in the Middle East, North Africa, the United States, and the Pacific Rim. OC has consistently ranked among the world's top contractors and is ranked number 35 on ENR's 2018 Top 250 International Contractors list. The Group also develops and invests in infrastructure opportunities, owns 50% of BESIX Group, and holds a construction materials and property management portfolio.
