

Hassan Allam renews facilities management contract at Benban Solar Park

24 February 2020

Hassan Allam Property Management announces the renewal of its facilities management contract at the Benban Solar Park, by up to 12 months. The scope encompasses operations and maintenance of shared facilities, provision of emergency services, site security and management of park logistics including water, wastewater and solid waste. The contract also includes a comprehensive program of public disclosure and community liaison.

CEO Hossam Allam explained that the Benban Solar Park strictly adheres to environmental and social international best practice, and that Hassan Allam Property Management's has been central to achieving this. He added "this renewal cements Hassan Allam Property Management as a market leader in physical asset management not only of residential, commercial and corporate segments, but now also industrial and infrastructure as well".

Hassan Allam Property Management is a wholly owned subsidiary of Hassan Allam Properties and provides a wide suite of manpower services and physical asset management across the residential, corporate, commercial and industrial sectors.
