

Venture by Shahid represents zVendo in a Pre-Series A Funding Round

Venture by Shahid congratulates **Zvendo** an Egyptian eCommerce SaaS solution provider on the completion of its Pre-Series A funding round from Mobica and Gratus Holding.

Founded in 2018, zVendo is a multi-lingual eCommerce platform was created by Egyptian entrepreneurs that helps traders/retailers build and manage their online and offline business through online stores, mobile apps and point-of-sale applications and is considered as one of the leading e-commerce enablers in Egypt and the MENA region.

Tarek Bakry, CEO and Co-Founder of **zVendo**, said, *“We will use the fresh investment to add more capabilities to the platform, including integration points for shipping and payments and for regional expansion in the GCC area”*.

In his comment to this investment round, Founder and CTO **Sameh Abdel-Fattah** at **zVendo**, *“We have been working on building a strong eCommerce platform that can cater to different industries and business sizes, with the new partnership with Mobica and Gratus, we aim to become the most advanced eCommerce platform provider in the region by end of 2021”*.

In March 2021, Venture also represented **zVendo** in its seed round led by **EFG EV Fintech** with participation from a group of angel investors.
