

For the First Time in Egypt ... Mubasher Launches Trading Platform for Non-residents in 70 Financial Markets Around the World

Cairo, August 23, 2021 - Mubasher Trade Egypt announced the launch of a trading platform - for the first time in Egypt - offering non-resident foreigners access to trading in 70 global financial markets, including the Egyptian stock market - during a press conference in Cairo today.

Ehab Rashad, Vice Chairman of the Board of Directors of Mubasher Capital commented: "Mubasher will offer an unprecedented service in Egypt, allowing non-resident foreigners access to international trading through a dedicated platform by Mubasher Trade, a subsidiary of Mubasher Capital. This important milestone will further magnify Egypt's role in the global financial markets; and will also enhance Egypt's transformation into a financial center - resonating with the government's focus, since the Egyptian Stock Exchange is considered one of the most promising emerging markets, and plays a pivotal role in supporting the process of building and developing the Egyptian economy."

Mostafa El-Debawy, Managing Director of Mubasher Trade Egypt, said: "This service will attract and direct the attention of non-resident foreigners to the Egyptian stock market, offering attractive investment opportunities, especially with the steady economic growth rates the Egyptian economy has been achieving lately.

El-Debawy added: "The service will also provide non-resident foreigners investment opportunities in international financial markets through advanced technological platforms in mobile phone applications and Mubasher Trade Egypt's website.

El-Debawy concluded: " This service is provided to clients through one account only, and for the first time in Egypt through Mubasher Trade Egypt - the leading company in technological applications in all capital markets". <https://egypt.mubashertrade.com/>
