

In cooperation with Openner: Raya FutureTECH Becomes a World-Renowned GAN Launch Accelerator

(Cairo – August 30th, 2021) Global Accelerators Network (GAN) announced that Raya CX' FutureTECH accelerator has joined its world's most prominent network. By joining GAN, Raya CX' FutureTECH accelerator - operated in partnership with the venture builder Openner - gives the early stage tech startups in the Egyptian market a promising opportunity for a comprehensive exposure and access to a broad network of startups, founders and investors from all over the world.

“I could not be more excited to welcome Raya CX to the GAN community. Raya CX has proven themselves to be one of the most effective ways for startups to launch their companies. I am so impressed by their leadership team and how they're thinking about having a powerful impact on the Egyptian community. Needless to say, great things seem to be in store for Raya CX and all the startups they get to work with,” stated Patrick Riley, GAN's CEO.

Ahmed Refky, CEO of Raya CX expressed his happiness that Raya FutureTECH has joined the network of the Global Accelerators Network, giving the participating startups, a better chance for international exposure besides offering promising prospects for innovation and business development.

The Global Accelerators Network (GAN) provides the startups with access to its massive community that comprises the largest group of accelerators, partners, and investors in over 120+ cities across six continents. Becoming a part of GAN provides the founders with a rich array of resources and exceptional experiences from around the globe.

A training camp will be launched by the beginning of September to choose startups that will be taking part in the first phase of the program that begins in October and takes place during the following three months.

Raya FutureTECH shall enable the participants to run several PoCs and ensure their solutions are in line with the Raya CX's innovation vision. In addition, participant will have access to Raya CX's research and data system, and hands-on support to scale their business, offered by Openner - the program's main partner.

Raya FutureTECH program also provides a joint financial support from Raya and Openner, up to 1 million EGP, as well as several boot camps that focus on designing tailored growth plans and 1-1 coaching for startups' founders, guided by Openner's expert team. In addition, Raya CX will also hire a dedicated team to develop the accelerator's program to ensure more cooperation and coordination between its experts and the startup's founders.

-Ends-

About GAN
