**Tenth of Ramadan for Pharmaceutical Industries
and Diagnostic Reagents (Rameda) S.A.E**

Tenth of Ramadan for Pharmaceutical Industries and Diagnostic Reagents (Rameda) S.A.E. joins the UN Global Compact, the world's largest corporate sustainability initiative.

20 June 2022 | Cairo, Egypt

Tenth of Ramadan for Pharmaceutical Industries and Diagnostic Reagents (Rameda) S.A.E., (RMDA.CA on the EGX), a leading Egyptian pharmaceutical company, announced today that it has officially joined the United Nations Global Compact, the world's largest corporate citizenship initiative. With its latest endeavour, Rameda joins the ranks of more than 6,000 participants from 135 different countries, with the common objective of aligning their corporate strategies and core operations with universal principals on human rights, labour, environment, and anti-corruption, by taking responsible actions that better serve the society.

The UN Global Compact Initiative works to help companies across various sectors to continuously enhance the way they operate by implementing responsible practices and developing advanced solutions to address global challenges, ranging from climate change, water and food crises, poverty, conflict and inequality. Companies achieve this by integrating the Ten Principles of the UN Global Compact, derived from the UN's existing principles and initiatives, into their strategies, policies and procedures, as well as establishing a culture of integrity as they set the stage for long term success.

"Rameda reiterates its strong belief that doing business responsibly is the key to sustainable growth and success. We believe that integrating sustainable strategies and procedures in our day-to-day operations will ultimately transform the Group's business practices." said Yasmine Negm, Rameda's Head of Institutional Investor Relations & Corporate Governance, "this latest initiative is just one of many to come aimed at enhancing our corporate governance framework and practices. To this end, we aim on strengthening our relationships with all our key stakeholders in order to disseminate social, environmental and governance principals to meet and enhance societal goals"

Forward-Looking Statements

This communication contains certain forward-looking statements. A forward-looking statement is any statement that does not relate to historical facts and events, and can be identified by the use of such words and phrases as "according to estimates", "anticipates", "assumes", "believes", "could", "estimates", "expects", "intends", "is of the opinion", "may", "plans", "potential", "predicts", "projects", "should", "to the knowledge of", "will", "would", or, in each case, their negatives, or other similar expressions that are intended to identify a statement as forward-looking. This applies, in particular, to statements containing information on future financial results, plans, or expectations regarding our business and management, our future growth or profitability and general economic and regulatory conditions and other matters affecting us.

Forward-looking statements reflect our management's ("Management") current views of future events, are based on Management's assumptions, and involve known and unknown risks, uncertainties, and other factors that may cause our actual results, performance, or achievements to be materially different from any future results, performance, or achievements expressed or implied by these forward-looking statements. The occurrence or non-occurrence of an assumption could cause our actual financial condition and results of operations to differ materially from, or fail to meet expectations expressed or implied by, such forward-looking statements. Our business is subject to a number of risks and uncertainties that could also cause a forward-looking statement, estimate, or prediction to become inaccurate. These risks include fluctuations in the prices of raw materials or employee costs required by our operations, its ability to retain the services of certain key employees, its ability to compete successfully, changes in political, social, legal, or economic conditions in Egypt, worldwide economic trends, the impact of war and terrorist activity, inflation, interest rate and exchange rate fluctuations, and Management's ability to timely and accurately identify future risks to our business and manage the risks mentioned above.
