

## **Vetnetwork secures a Bridge Round with Participation of Investors from Alexandria Angel Network and individual Saudi Investors as well as Financial Support from Nestlé Purina.**

[Vetnetwork](#), a petcare at home platform that connects pet parents with pet care service providers in a timely manner conveniently at home. Vetnetwork has raised a bridge round that included several investors from Saudi Arabia and members from [Alexandria Angel Network](#) as well as receiving financial support from [Nestlé Purina](#) and conducting a POC (proof of concept) together.

Vetnetwork, founded by Fady Azzouny and co-founded by Adam Hafez, aims to tackle all of the pet owner's needs and concerns such as the fact that vets operate without monitoring,

not being able to reach vets in a convenient time, not having accurate ratings for vets, and much more.

To solve all of this, Vetnetwork offers several services all in favor of pet owners; grooming specialties, online pet shops, vets, dog walkers, dog trainers, and boarding facilities all in one place.

With over **400 pet care service providers** and over **38,000 pets served**, Vetnetwork has a goal of disrupting the pet care industry.

**Fady**, Founder and CEO of Vetwork, said *“We’re so proud of what we have achieved so far, who else has been innovating in the PetCare industry in MENA? Vetwork has paved the way for many entrepreneurs looking to pursue opportunities in our industry! Now, plans are in place and resources in terms of an amazing team, cash and partnerships are available, the coming phase for us in Vetwork is extremely exciting, stay tuned!”*
