Summary

The boards of directors of Tullow Oil PLC ("Tullow") and Capricorn Energy PLC ("Capricorn") are pleased to announce that they have reached agreement on the terms of a recommended all-share combination of Tullow and Capricorn (the "Combination") to create the Combined Group.

It is intended that the Combination will be implemented by means of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act, where Tullow will acquire all of the issued and to be issued Capricorn Shares.

Under the terms of the Combination, each Capricorn Shareholder will be entitled to receive:

for each Capricorn Share: 3.8068 New Tullow Shares

On completion of the Combination, Capricorn Shareholders will hold approximately 47 per cent. of the Combined Group and Tullow Shareholders will hold approximately 53 per cent. of the Combined Group (based on the fully diluted share capital of Capricorn and the fully diluted share capital of Tullow, in each case as at the date of this Announcement).

Compelling strategic and financial rationale

The Boards of Tullow and Capricorn believe the Combination has compelling strategic, operational and financial rationale, with the ability to deliver substantial benefits to shareholders, host nations and other stakeholders. The Combination represents a unique opportunity to create a leading African energy company, listed in London, with the financial flexibility and human resource capability to access and accelerate near-term organic growth, add new reserves and resources cost-effectively, generate significant future returns for shareholders, and pursue further consolidation. The Combined Group is committed to building a sustainable future through responsible oil and gas development, in close partnership and collaboration with joint venture partners and host governments.

The Boards of Tullow and Capricorn believe this Combination:

- (a) *Creates a leading African energy company with a material and diversified asset base and a portfolio of investment opportunities delivering visible production growth.*
 - The Combined Group provides shareholders with a diversified pan-African upstream portfolio underpinned by low-cost producing assets, with a deep portfolio of incremental high return investment opportunities in Ghana, Egypt, Gabon and Côte d'Ivoire.
 - Capricorn's Egypt portfolio provides significant opportunity to deliver self-funded growth production via infill drilling and low-cost exploration to sustain the resource base over time, whilst championing electrification and decarbonisation initiatives.
 - The major resource development project in Kenya provides additional growth and value creation optionality.
 - The substantial prospective resource base in Guyana and Mauritania provides material potential upside with limited capital exposure.
 - Pro forma reserves and resources of 343mmboe and 696mmboe with 2021A production of 96kboe/d positions the Combined Group as one of the largest, listed independent African focused energy companies today.
- (b) *Delivers a Combined Group with robust cash generation and a resilient balance sheet and realises meaningful cost synergies.*
 - The Combined Group will have a resilient balance sheet, with pro forma 2021A leverage of 1.5x and \$1.8bn of liquidity. Expected leverage of <1x at year end 2022 with rapid future deleveraging anticipated.
 - The Combined Group is expected to realise pre-tax net cash cost savings of \$50 million on an annual run-rate basis by the second anniversary of the completion of the Combination through the reduction of duplicate costs across Board, Corporate and Group operational and technical functions and administrative functions including consolidation of office space and rationalisation of IT spend.
- (c) *Establishes a sustainable capital return programme for shareholders underpinned by robust cash generation.*
 - Stable, low-cost production delivering forecast cumulative pre-financing free cash flows of \$2.4 billion over the 2022-2025 period at a flat nominal Brent price of \$75/bbl.
 - Visible and robust cash generation, cost savings, a strengthened balance sheet and disciplined capital allocation create a platform for sustainable shareholder returns through a fixed plus variable returns framework:

- Base annual dividend of \$60 million, with additional returns driven by a disciplined, value-driven capital allocation framework.
- Tullow currently has no distributable reserves and is therefore currently unable to pay dividends or make other distributions to shareholders. The Tullow Board intends to address this issue by taking such steps, which may include a capital restructuring of the Tullow Group or (as the case may be) the Combined Group and/or the upstreaming of dividends/distributions from other members of the Tullow Group or (as the case may be) the Combined Group, as may be required to achieve the dividend policy outlined above.

(d) Creates a stronger, more resilient business with a deep commitment to environmental stewardship, social investment, development of local content and our national workforces.

- The Combined Group is committed to achieving net zero Scope 1 and 2 emissions by 2030. This is planned to be achieved through comprehensive emissions reduction programmes underway in Ghana, Gabon, Côte d'Ivoire and Egypt and by offsetting hard to abate emissions through company-run nature-based solutions.
- The Combined Group will be an important supplier of gas in Egypt and in Ghana – supporting the industrial development in these countries.

(e) Positions the Combined Group to play a leading role in the African energy sector.

(f) Commits to environmental, social and corporate governance standards, established stakeholder relationships, alongside a proven track record of safe, low-cost operations and a strong balance sheet.

The Combined Group

The board of directors and management of the Combined Group will comprise a mixture of individuals from Tullow and Capricorn, drawing upon the best expertise and talent of both companies to deliver value for the Combined Group's shareholders and partners. Upon completion of the Combination, it is intended that:

- Phuthuma Nhleko, currently Chair of Tullow, will become Chair of the board of the Combined Group;
- Nicoletta Giadrossi, currently Chair of Capricorn, will become Senior Independent Director of the Combined Group;
- Rahul Dhir, CEO of Tullow, will become CEO of the Combined Group;
- James Smith, CFO of Capricorn, will become CFO of the Combined Group.

The Board of the Combined Group will include a further 5 Non-executive Directors drawn from both companies, with 2 to be current Tullow Non-executive Directors and 3 to be current Capricorn Non-executive Directors. The Board composition as outlined will be finalised by agreement amongst the parties at Completion. The Board of the Combined Group is likely to evolve over time, to ensure a balance of skills and diversity including meaningful representation of the geographies in which the Combined Group will operate.

After almost 11 years as CEO of Capricorn, Simon Thomson will step down as CEO on Completion and will become Chair of the Integration Steering Committee to help with the integration of the two companies.

It is intended that, following completion of the Combination, the headquarters of the Combined Group will be at Tullow's existing offices in London and it is intended that the Combined Group will also retain premises in Edinburgh and through the application of a flexible work policy enable employees to operate from both premises. The Combined Group will comply with any obligations to inform and consult with employees and their representatives in respect of these intentions.

Tullow's shares will continue to be listed on the premium listing segment of the Official List of the Financial Conduct Authority (the "FCA") and on the First Official List of the Ghana Stock Exchange, and will continue to trade on the London Stock Exchange's main market for listed securities and on the Ghana Stock Exchange. Tullow's shares are also currently listed on the secondary listing

segment of the Official List of The Irish Stock Exchange PLC, trading as Euronext Dublin ("Euronext Dublin") as an overseas company and trade on the Euronext Dublin Market operated by Euronext Dublin. Tullow intends to review the appropriateness of a continued listing of its shares on the secondary listing segment of the Official List of Euronext Dublin and to trading on the Euronext Dublin Market in light of the volume of trading of its shares on the Euronext Dublin Market and the costs related to such listing and admission to trading. Accordingly, at Completion Tullow's shares may not be listed on the secondary listing segment of the Official List of Euronext Dublin and admitted to trading on the Euronext Dublin Market operated by Euronext Dublin.

Financial benefits and effects of the Combination

The Tullow Board is confident that as a direct result of the Combination, the Combined Group will generate meaningful cost synergies and create additional shareholder value. The Tullow Board, having reviewed and analysed the potential cost synergies of the Combination, and taking into account the factors it can influence, believes the Combination will result in \$50 million of pre-tax net cash cost synergies on an annual run-rate basis by the second anniversary of the completion of the Combination.

The Tullow Board expects approximately 71% of these anticipated quantified net cash cost synergies to be achieved by the end of the first twelve month period following completion of the Combination.

The Tullow Board estimates that realisation of these net cash cost synergies will give rise to one-off costs of approximately \$45 million incurred in the two years post-completion of the Combination. The Tullow Board has considered potential areas of dis-synergy and these were determined to be immaterial for the analysis.

These anticipated net cash cost synergies will accrue as a direct result of the Combination and would not be achieved on a standalone basis.

Please refer to Appendix 4 to this Announcement for further details on these anticipated synergies. The Quantified Financial Benefits Statement set out above has been reported on under the Code by KPMG, and by Tullow's lead financial adviser, PJT Partners. References to those anticipated synergies should be read in conjunction with Appendix 4.

As of the date of this Announcement, Capricorn has suspended its previously announced \$200 million share buyback programme (other than in respect of the \$25 million tranche announced on 7 April 2022, which is being conducted by JP Morgan Securities PLC on a non-discretionary basis and will end no later than 6 July 2022).

Recommendations and irrevocable undertakings

Capricorn Directors' recommendation and irrevocable undertakings

The Capricorn Directors, who have been so advised by Morgan Stanley as to the financial terms of the Combination, consider the terms of the Combination to be fair and reasonable. The Capricorn Directors have also received financial advice on the Combination from Rothschild & Co. In providing its financial advice to the Capricorn Directors, Morgan Stanley and Rothschild & Co have each taken into account the commercial assessments of the Capricorn Directors.

Accordingly, the Capricorn Directors intend to recommend, unanimously, that Capricorn Shareholders vote in favour of the Scheme at the Court Meeting and the resolutions to be proposed at the Capricorn General Meeting, as the Capricorn Directors who hold Capricorn Shares have irrevocably undertaken to do in respect of their own beneficial holdings of Capricorn Shares, representing approximately 0.2 per cent. of Capricorn's issued share capital as at 31 May 2022 (being the last Business Day prior to the date of this Announcement).

Tullow Directors recommendation and irrevocable undertakings

The Combination constitutes a "Class 1" transaction for Tullow for the purposes of the Listing Rules. Accordingly, the Combination will be conditional on the approval of the Tullow Shareholders at the Tullow General Meeting.

The Tullow Directors consider the Combination to be in the best interests of the Tullow Group and the Tullow Shareholders as a whole and intend unanimously to recommend that Tullow Shareholders vote in favour of the Tullow Resolutions at the Tullow General Meeting which will be convened in connection with the Combination, as the Tullow Directors who hold Tullow Shares have irrevocably

undertaken to do in respect of their own beneficial holdings of Tullow Shares, representing approximately 0.1 per cent. of Tullow's issued share capital as at 31 May 2022 (being the last Business Day prior to the date of this Announcement).

The Tullow Directors have received financial advice from PJT Partners and Barclays in relation to the Combination. In providing their financial advice to the Tullow Directors, PJT Partners and Barclays have relied upon the Tullow Directors' commercial assessments of the Combination.

The Scheme Document will include full details of the Scheme and the Combination, together with notices of the Court Meeting and the Capricorn General Meeting and the expected timetable of the Scheme, and will specify the action to be taken by Capricorn Shareholders. It is intended that the Scheme Document will be despatched to Capricorn Shareholders following receipt (where required) of the consents, approvals or waivers referred to above and in or around the fourth quarter of 2022 (unless otherwise agreed by the Panel, Tullow and Capricorn) and a further announcement regarding the publication of the Scheme Document will be made in due course.

It is expected that the Prospectus, containing information about the Combined Group and the New Tullow Shares, will be published at or around the same time as the Scheme Document is posted to Capricorn Shareholders. It is also expected that the Circular, containing details of the Combination and notice of the Tullow General Meeting, will be posted to Tullow Shareholders at or around the same time as the Scheme Document is posted to Capricorn Shareholders, such that the Tullow General Meeting will be held at or around the same time and on the same date as the Court Meeting and/or the Capricorn General Meeting. Under Rule 8.3(a) of the Code, any person who is interested in 1% or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified. An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s). Relevant persons who deal in the relevant securities of the offeree company or of a securities exchange offeror prior to the deadline for making an Opening Position Disclosure must instead make a Dealing Disclosure.

Under Rule 8.3(b) of the Code, any person who is, or becomes, interested in 1% or more of any class of relevant securities of the offeree company or of any securities exchange offeror must make a Dealing Disclosure if the person deals in any relevant securities of the offeree company or of any securities exchange offeror. A Dealing Disclosure must contain details of the dealing concerned and of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s), save to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 pm (London time) on the business day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they will be deemed to be a single person for the purpose of Rule 8.3.

Opening Position Disclosures must also be made by the offeree company and by any offeror and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4).

Details of the offeree and offeror companies in respect of whose relevant securities Opening Position Disclosures and Dealing Disclosures must be made can be found in the Disclosure Table on the Takeover Panel's website at www.thetakeoverpanel.org.uk, including details of the number of relevant securities in issue, when the offer period commenced and when any offeror was first identified. You should contact the Panel's Market Surveillance Unit on +44 (0)20 7638 0129 if you are in any doubt as to whether you are required to make an Opening Position Disclosure or a Dealing Disclosure.

FOR IMMEDIATE RELEASE

1 June 2022

RECOMMENDED ALL-SHARE COMBINATION

of

TULLOW OIL PLC AND CAPRICORN ENERGY PLC

to be effected by means of a Scheme of Arrangement of Capricorn Energy PLC

under Part 26 of the Companies Act 2006

1. Introduction

The boards of Tullow Oil PLC ("Tullow") and Capricorn Energy PLC ("Capricorn") are pleased to announce that they have reached agreement on the terms of a recommended all-share combination of Tullow and Capricorn (the "Combination") to create the Combined Group.

2. The Combination

Under the terms of the Combination, which will be subject to the Conditions and certain further terms set out in Appendix 1 and to the full terms and conditions which will be set out in the Scheme Document, each Capricorn Shareholder will be entitled to receive:

for each Capricorn Share: 3.8068 New Tullow Shares

On completion of the Combination, Capricorn Shareholders will hold approximately 47 per cent. of the Combined Group and Tullow Shareholders will hold approximately 53 per cent. of the Combined Group (based on the fully diluted share capital of Capricorn and the fully diluted share capital of Tullow, in each case as at the date of this Announcement).

The Combination constitutes a "Class 1" transaction for Tullow for the purposes of the Listing Rules. Accordingly, the Combination will be conditional on the approval of the Tullow Shareholders at the Tullow General Meeting.

It is intended that the Combination will be implemented by means of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act, further details of which are contained in paragraph 12 below.

The New Tullow Shares will be issued credited as fully paid and will rank pari passu in all respects with the Tullow Shares in issue at the time the New Tullow Shares are issued pursuant to the Combination, including, subject as outlined below, the right to receive and retain in full all dividends and other distributions (if any) announced, declared, made or paid, or any other return of value (whether by reduction of share capital or share premium account or otherwise) made, in each case by reference to a record date falling on or after the Effective Date. Applications will be made to the FCA and the London Stock Exchange for the New Tullow Shares to be admitted to the premium listing segment of the Official List of the FCA and to trading on the main market for listed securities of the London Stock Exchange. Applications will also be made to the Ghana Stock Exchange and the Ghana SEC for the

New Tullow Shares to be admitted to a secondary listing on the First Official List of the Ghana Stock Exchange and to trading on the Ghana Stock Exchange. Tullow's shares are also currently listed on the secondary listing segment of the Official List of The Irish Stock Exchange PLC, trading as Euronext Dublin ("Euronext Dublin") as an overseas company and trading on the Euronext Dublin Market operated by Euronext Dublin. Tullow intends to review the appropriateness of a continued listing of its shares on the secondary listing segment of the Official List of Euronext Dublin and to trading on the Euronext Dublin Market operated by Euronext Dublin in light of the volume of trading of its shares on the Euronext Dublin Market and the costs related to such listing and admission to trading. Accordingly, at Completion Tullow's shares may not be listed on the secondary listing segment of the Official List of Euronext Dublin and admitted to trading on the Euronext Dublin Market operated by Euronext Dublin.

The Capricorn Shares will be acquired pursuant to the Combination fully paid and free from all liens, charges, equitable interests, encumbrances and rights of pre-emption and any other interests of any nature whatsoever and together with all rights attaching to them as at the date of this Announcement or subsequently attaching or accruing to them.

3. Compelling strategic and financial rationale

The Tullow Board and the Capricorn Board believe the Combination has compelling strategic, operational and financial rationale, with the ability to deliver substantial benefits to shareholders, host nations and other stakeholders. The Combination represents a unique opportunity to create a leading African energy company listed in London, with the financial flexibility and human resource capability to access and accelerate near-term organic growth, add new reserves and resources cost-effectively, generate significant future returns for shareholders, and pursue further consolidation. The Combined Group is committed to building a sustainable future through responsible oil and gas development, in close partnership and collaboration with joint venture partners and host governments.

The Tullow Board and the Capricorn Board believe this Combination:

- (a) *Creates a leading African energy company with a material and diversified asset base and a portfolio of investment opportunities delivering visible production growth.*
 - The Combined Group provides shareholders with a diversified pan-African upstream portfolio underpinned by low-cost producing assets with a deep portfolio of incremental high return investment opportunities in Ghana, Egypt, Gabon and Côte d'Ivoire.
 - Capricorn's Egypt portfolio provides significant opportunity to deliver self-funded growth production via infill drilling and low-cost exploration to sustain the resource base over time, whilst championing electrification and decarbonisation initiatives.
 - The major resource development project in Kenya provides additional growth and value creation optionality.
 - The substantial prospective resource base in Guyana and Mauritania provides material potential upside with limited capital exposure.
 - Pro forma reserves and resources of 343mmboe and 696mmboe with 2021A production of 96kboe/d positions the Combined Group as one of the largest, listed independent African focused Exploration & Production companies today.
- (b) *Delivers a Combined Group with robust cash generation and a resilient balance sheet and realises meaningful cost synergies.*
 - The Combined Group will have a resilient balance sheet, with pro forma 2021A leverage of 1.5x and \$1.8bn of liquidity. Expected leverage of <1x at year end 2022 with rapid future deleveraging anticipated.
 - The Combined Group is expected to realise pre-tax net cash cost savings of \$50 million on an annual run-rate basis by the second anniversary of the completion of the Combination through the reduction of duplicate costs across Board, Corporate

and Group operational and technical functions and administrative functions including consolidation of office space and rationalisation of IT spend.

(c) *Establishes a sustainable capital return programme for shareholders underpinned by robust cash generation.*

- Stable, low-cost production delivering forecast cumulative pre-financing free cash flows of \$2.4 billion over the 2022-2025 period at a flat nominal Brent price of \$75/bbl.
- Visible and robust cash generation, cost savings, a strengthened balance sheet and disciplined capital allocation create a platform for sustainable shareholder returns through a fixed plus variable returns framework:
 - Base annual dividend of \$60 million, with additional returns driven by a disciplined, value-driven capital allocation framework.
 - Tullow currently has no distributable reserves and is therefore currently unable to pay dividends or make other distributions to shareholders. The Tullow Board intends to address this issue by taking such steps, which may include a capital restructuring of the Tullow Group or (as the case may be) the Combined Group and/or the upstreaming of dividends/ distributions from other members of the Tullow Group or (as the case may be) the Combined Group, as may be required to achieve the dividend policy outlined above.

(d) *Creates a stronger, more resilient business with a deep commitment to environmental stewardship, social investment, development of local content and our national workforces.*

- The Combined Group is committed to achieving net zero Scope 1 and 2 emissions by 2030. This is planned to be achieved through comprehensive emissions reduction programmes underway in Ghana, Gabon, Côte d'Ivoire and Egypt and by offsetting hard to abate emissions through company-run nature-based solutions.
- The Combined Group will be an important supplier of gas in Egypt and in Ghana – supporting the industrial development in these countries.

(e) *Positions the Combined Group to play a leading role in the African energy sector.*

(f) *Commits to environmental, social and corporate governance standards, established stakeholder relationships, alongside a proven track record of safe, low-cost operations and a strong balance sheet.*

4. Financial benefits and effects of the Combination

The Tullow Board is confident that as a direct result of the Combination, the Combined Group will generate meaningful cost synergies and create additional shareholder value. The Tullow Board, having reviewed and analysed the potential cost synergies of the Combination, and taking into account the factors it can influence, believes the Combination will result in \$50 million of pre-tax net cash cost synergies on an annual run-rate basis by the second anniversary of the completion of the Combination.

The quantified net cash cost synergies are expected to originate from the following areas, subject to any obligations to inform and consult with employees and/or their representatives:

- (i) **Corporate:** approximately 26% of the identified net cash cost synergies are expected to be generated from de-duplication and rationalisation of Board, executive leadership and other costs associated with a listed company;
- (ii) **Central operational and technical functions:** 32% of the identified net cash cost synergies are expected to be generated from consolidation and rationalisation of central operational and technical functions, driven by increased scale and alignment of operating models; and
- (iii) **Administrative functions:** 42% of the identified net cash cost synergies are expected to be generated from consolidation and de-duplication of overlapping administrative functions (including IT) and third-party spend.

The Tullow Board expects approximately 71% of these anticipated quantified net cash cost synergies to be achieved by the end of the first twelve month period following completion of the Combination.

The Tullow Board estimates that realisation of these net cash cost synergies will give rise to one-off costs of approximately \$45 million incurred in the two years post-completion of the Combination. The Tullow Board has considered potential areas of dis-synergy and these were determined to be immaterial for the analysis.

These anticipated net cash cost synergies will accrue as a direct result of the Combination and would not be achieved on a standalone basis.

Please refer to Appendix 4 to this Announcement for further details on the bases of belief supporting the quantified financial benefits statement, including the principal assumptions and sources of information. The Quantified Financial Benefits Statement set out above has been reported on under the Code by KPMG, and by Tullow's lead financial adviser, PJT Partners. References to those anticipated synergies should be read in conjunction with Appendix 4.

For the purposes of Rule 28 of the Code, the Quantified Financial Benefits Statement contained in this Announcement is the responsibility of Tullow and the Tullow Directors.

As of the date of this Announcement, Capricorn has suspended its previously announced \$200 million share buyback programme (other than in respect of the \$25 million tranche announced on 7 April 2022, which is being conducted by JP Morgan Securities PLC on a non-discretionary basis and will end no later than 6 July 2022).

5. **Combined Group dividend policy**

The Combined Group intends to implement a base annual dividend of \$60 million, with a capital return policy outlining the criteria for delivering additional shareholder distributions to be announced in due course.

Tullow currently has no distributable reserves and is therefore unable to pay dividends or make other distributions to its shareholders unless it first takes steps to create distributable reserves. Therefore, unless steps are taken to create distributable reserves, Tullow, as the parent company of the Combined Group, would be unable to pay dividends or make other distributions to its shareholders. The Tullow Board intends to address this issue by taking such steps, which may include a capital restructuring of the Tullow Group or (as the case may be) the Combined Group and/or the upstreaming of dividends/distributions from other members of the Tullow Group or (as the case may be) the Combined Group, as may be required to achieve the dividend policy outlined above. Such steps may be dependent on shareholder and/or court approval, among other things, and therefore there is no guarantee that the required distributable reserves can or will be available to the Tullow Group or (as the case may be) the Combined Group.

6. **Recommendations**

The Capricorn Directors, who have been so advised by Morgan Stanley as to the financial terms of the Combination, consider the terms of the Combination to be fair and reasonable. The Capricorn Directors have also received financial advice on the Combination from Rothschild & Co. In providing its financial advice to the Capricorn Directors, Morgan Stanley and Rothschild & Co have each taken into account the commercial assessments of the Capricorn Directors.

Accordingly, the Capricorn Directors intend to recommend, unanimously, that Capricorn Shareholders vote, at the Capricorn General Meeting and the Court Meeting, in favour of such resolutions as are necessary to approve, implement and give effect to the Scheme (including any such resolutions to amend the articles of association of Capricorn as maybe necessary) (or, in the event that the Combination is implemented by way of a Takeover Offer, to accept or procure the acceptance of such Takeover Offer). The Capricorn Directors who

hold Capricorn Shares have irrevocably undertaken to vote in favour of the relevant resolutions to give effect to the Scheme and the Combination in respect of their entire beneficial holdings of, in aggregate, 744,346 Capricorn Shares representing approximately 0.2 per cent. of Capricorn's issued share capital on 31 May 2022 (being the last Business Day prior to the date of this Announcement). Further details of these irrevocable undertakings are set out in Appendix 3 to this Announcement.

Morgan Stanley has given and not withdrawn its consent to the inclusion in this Announcement of references to its advice to the Capricorn Directors in the form and context in which they appear.

Rothschild & Co has given and not withdrawn its consent to the inclusion in this Announcement of references to its advice to the Capricorn Directors in the form and context in which they appear.

The Combination constitutes a "Class 1" transaction for Tullow for the purposes of the Listing Rules. Accordingly, the Combination will be conditional on, amongst other things, the approval of the Tullow Shareholders at the Tullow General Meeting.

The Tullow Directors have received financial advice from PJT Partners and Barclays in relation to the Combination. In providing their financial advice to the Tullow Directors, PJT Partners and Barclays have relied upon the Tullow Directors' commercial assessments of the Combination.

The Tullow Directors consider the Combination to be in the best interests of the Tullow Group and the Tullow Shareholders as a whole and intend to recommend, unanimously, that Tullow Shareholders vote in favour of the Tullow Resolutions at the Tullow General Meeting which will be convened in connection with the Combination, as those Tullow Directors who hold Tullow Shares have irrevocably undertaken to do in respect of their entire beneficial holdings of, in aggregate, 1,555,824 Tullow Shares, representing approximately 0.1 per cent. of Tullow's issued share capital on 31 May 2022 (being the last Business Day prior to the date of this Announcement).

Each of PJT Partners and Barclays has given and not withdrawn its consent to the inclusion in this Announcement of references to its advice to the Tullow Directors in the form and context in which they appear.

7. **Background to and reasons for the Capricorn Board's recommendation**

Since it was founded in 1980 as Cairn Energy PLC, Capricorn's management and employees have, with the support of its shareholders, transformed the company into a leading oil and gas explorer, developer and producer. Capricorn started with a focus on South Asia where it created significant value for shareholders and stakeholders, particularly through the discovery, development and production of oil in Rajasthan, India (the largest onshore discovery in India for more than 25 years). In 2006 the Indian business, Cairn India Limited (CIL), was listed on the Indian stock exchanges and in 2012, the majority stake in CIL was sold and the cash returned to shareholders. Between 2006 and 2012, \$4.5 billion was returned to shareholders. Capricorn then focused on rebuilding the business to create, add and realise value once again through exploration, development and production. Capricorn made the largest global offshore discovery of 2014 in Senegal and participated in the development of two of the largest projects in the UK North Sea, Catcher and Kraken, which began production in 2017, before interests were subsequently sold in November 2021.

Capricorn's strategy as a responsible energy producer is to ensure maximum financial flexibility through active management of its portfolio.

The strategy is based on five key pillars with all investment decisions assessed against multiple externally assured energy transition scenarios:

- **Sustainable Cash Flow Base:** Capricorn constantly looks to diversify and extend its production base, targeting long-life, full-cycle portfolios with low break-even costs to be in the best position to support future shareholder returns.

- **Balance Sheet Flexibility:** Capricorn maintains a balance sheet that is resilient to periods of volatility and a controllable and flexible capital programme.
- **Selective Exploration:** Exploration remains core to Capricorn's future strategy. New discoveries support future cash flows through organic reserves replacement, with the potential for transformational events to create further shareholder value. Exploration focus is on advantaged resources that can remain competitive through stringent energy transition scenarios and will move quickly to commercialisation.
- **Shareholder Returns:** Capricorn's strong shareholder returns is a key differentiator. Capricorn weighs reinvestment in the business against returning cash to shareholders when considering capital allocation.
- **Portfolio Management:** Proactive portfolio management allows Capricorn to invest in growing, diversifying and sustaining the cash flow-generating asset base.

Ultimately, this strategic focus has enabled Capricorn to differentiate its business, enabling significant capital returns to shareholders. In 2021, Capricorn returned or committed to return nearly \$1 billion, with the \$500 million Tender Offer completing on 6 April 2022 and the share buyback programme of up to \$200 million commencing on 7 April 2022.

While the Capricorn Board considers the standalone prospects for Capricorn to be strong, the Capricorn Board believes that the Combination has particularly compelling strategic logic, strong prospects for accelerating the strategy and the growth of the business and offers high value creation opportunity for Capricorn Shareholders.

The rationale and benefits for the Combination are set out more fully in paragraphs 3 and 4. The Combination merges Capricorn's and Tullow's complementary portfolio, becoming a leading African energy company with significant investment opportunities. The Combined Group will have strong cash flow generation and a resilient balance sheet to accelerate investment for growth and drive greater operational efficiency.

The Combination is expected to result in material value creation for Capricorn Shareholders, with significant synergy potential. Through material scale and a diversified asset base, the Combined Group will have an enhanced cash flow profile and a strong balance sheet that is expected to facilitate the generation of attractive and sustainable returns for shareholders.

The Capricorn Board believes that the terms of the Combination fairly reflect Capricorn's and Tullow's respective standalone businesses and their prospects, and an appropriate sharing of the expected synergies resulting from the Combination.

Accordingly, whilst Capricorn has attractive standalone prospects, following careful consideration of the above factors, the Capricorn Board believes that the Combination is in the best interests of Capricorn Shareholders and intends unanimously to recommend the Combination to Capricorn Shareholders.

8. Conditions

The Combination will be subject to, amongst other things, the receipt of any necessary antitrust or regulatory consents, any necessary governmental approvals or consents, waivers or non-exercise of any material termination rights, material pre-emption rights or similar rights in the jurisdictions in which the Tullow Group and the Capricorn Group operate, including (where required) in Egypt, Ghana, Mexico and Mauritania, in each case given on terms or subject to conditions which are satisfactory to Tullow and Capricorn.

In addition to the conditions referred to above, the Combination will be subject to the other Conditions and certain further terms as set out in Appendix 1 to this Announcement, and to the full terms and conditions which will be set out in the Scheme Document, including, amongst other things:

- (i) approval by a majority in number of Capricorn Shareholders representing not less than 75 per cent. in value of Capricorn Shareholders who are on the register of members of Capricorn at the Voting Record Time, present and voting, whether in person or by proxy, at the Court Meeting;

- (ii) all resolutions required to approve and implement the Scheme and to approve certain related matters being duly passed by the requisite majority of Capricorn Shareholders at the Capricorn General Meeting;
- (iii) the sanction of the Scheme by the Court (with or without modification but subject to any modification being on terms acceptable to Capricorn and Tullow) and, following such sanction, the delivery of a copy of the Court Order to the Registrar of Companies by no later than the Long Stop Date;
- (iv) the Tullow Resolutions being duly passed by the requisite majority of Tullow Shareholders at the Tullow General Meeting; and
- (v) Admission becoming effective.

9. Irrevocable undertakings to vote in favour of the Combination

Court Meeting and Capricorn General Meeting

Tullow and Capricorn have received irrevocable undertakings from each of the Capricorn Directors who hold Capricorn Shares in respect of their own legal and/or beneficial holdings of Capricorn Shares to vote in favour of the Scheme at the Court Meeting and the resolutions to be proposed at the Capricorn General Meeting, in respect of a total of 744,346 Capricorn Shares representing, in aggregate, approximately 0.2 per cent. of Capricorn's issued share capital as at 31 May 2022 (being the last Business Day prior to the date of this Announcement).

Tullow General Meeting

Those Tullow Directors who hold Tullow Shares have irrevocably undertaken to vote in favour of the Tullow Resolutions at the Tullow General Meeting which will be convened in connection with the Combination, in respect of a total of 1,555,824 Tullow Shares representing, in aggregate, approximately 0.1 per cent. of Tullow's issued share capital as at 31 May 2022 (being the last Business Day prior to the date of this Announcement).

Further details of the irrevocable undertakings described above are set out in Appendix 3.

10. Directors, management, employees, pensions and locations

Tullow and Capricorn recognise the skills and experience of their respective management and employees and intend the management teams of both Tullow and Capricorn to play a leading role in the Combined Group. Tullow intends that employees will have the potential to benefit from the broader opportunities arising from being part of the larger Combined Group following Completion.

The management team of the Combined Group will comprise Rahul Dhir, CEO of Tullow, James Smith, CFO of Capricorn, along with members from the existing Tullow and Capricorn leadership teams and will be responsible for the day-to-day management and operation of the Combined Group.

The Board of the Combined Group will have a clearly defined governance structure, with Phuthuma Nhleko, the Chairman of Tullow, becoming the Chairman of the Combined Group and Nicoletta Giadrossi, the Chair of Capricorn, becoming the Senior Independent Director of the Combined Group. In addition, the Board of the Combined Group will comprise the CEO, the CFO and 5 further Non-executive Directors, with 2 expected to be current Tullow Directors and 3 expected to be current Capricorn Directors.

After almost 11 years as CEO of Capricorn, Simon Thomson will step down as CEO on Completion and will become Chair of the Integration Steering Committee to help with the integration of the two companies.

The composition of the Board of the Combined Group is expected to comply with the UK Corporate Governance Code and have an effective balance of skills, experience, independence and diversity.

Management, employees and head office

For the employees of the Combined Group, Tullow intends that the management team of the Combined Group will aim to retain the best talent of Tullow and Capricorn.

In order to achieve the expected benefits of the Combination, a detailed review of the business and operations of the Combined Group will be carried out following Completion. Tullow expects that this review will be completed within approximately 3 to 6 months following completion of the Combination. The Combined Group intends to seek material operating cost benefits derived from the rationalisation of the board and senior management and consolidation of administrative and central technical and operational functions, including third party costs across the Combined Group.

The synergy work carried out to date has identified the potential to generate operating costs benefits for the Combined Group through corporate and administrative efficiencies. The synergies assume a potential headcount reduction of approximately 25% of the total Combined Group workforce. However, at this stage, there are no fully developed proposals as to how and where such headcount reductions will be implemented. Headcount reductions are expected in areas where there is overlap such as in corporate service functions. Any redundancies will be carried out in accordance with applicable information and consultation processes. No changes are expected in the operating asset organisations across the Combined Group: Ghana, Egypt, Gabon, Côte d'Ivoire and Kenya.

The finalisation and implementation of any workforce reductions will be subject to comprehensive planning and appropriate engagement and (if applicable) consultation with relevant stakeholders.

After Completion, a detailed review of the business will be undertaken to ensure the organisation has the skillset, structure and is sized correctly for the combined business, with the aim of retaining and motivating the best talent across the Combined Group.

Save as set out above, it is not envisaged that there will be any material change to the balance of skills and functions of the employees and management in the Combined Group.

Tullow has confirmed that the Combined Group will fully safeguard the existing statutory and contractual employment rights of both Capricorn and Tullow employees. Subject to the detailed review of the business, relocation of the headquarters and any changes in respect of working location and flexible working arrangements as referred to in this paragraph 10 (which in each case will be subject to all necessary information and consultation processes with employees and their representatives), Tullow does not envisage making any material changes in the conditions of employment of the Capricorn employees in the period of 12 months following Completion.

Tullow has not entered into any, and has not held any discussions in respect of the remuneration or incentive arrangements that may apply following completion of the Combination with any of the Capricorn Directors, save for in connection with the Co-operation Agreement and as disclosed in paragraph 11 and the immediately following paragraphs below.

The Co-operation Agreement contains provisions that will apply in respect of the Capricorn Share Plans and certain other employee arrangements. In particular:

- (A) options and awards under the Capricorn Share Plans will be treated as outlined in paragraph 11 below;
- (B) subject to any necessary consents, Tullow and Capricorn have agreed that cash retention awards may be made to certain key employees (including Executive Directors and other senior executives) of Capricorn, following and conditional on completion of the Combination (the "**Employee Retention Arrangements**"). The aggregate maximum quantum that may be awarded under the Employee Retention Arrangements is £4 million, of which a maximum of £1,007,231 may be awarded to Executive Directors; and
- (C) prior to Completion, Tullow and Capricorn will agree a policy under which the Combined Group will offer enhanced redundancy payments and related arrangements to employees whose roles become redundant during the period of 18

- months following Completion, and who, if requested at the relevant time by Tullow, sign an appropriate settlement agreement. The details of the policy are yet to be determined and will be made available to staff after the policy is finalised;
- (D) as stated in this paragraph 10 above, it has been agreed that Simon Thomson's appointment as Chief Executive Officer, and as a director, of Capricorn will end on the Effective Date, following which he will be engaged by Tullow for a period of up to 12 months to facilitate the integration of Capricorn and Tullow, including through chairing the Integration Committee. As at the date of this Announcement, no incentivisation arrangements have been entered into with Mr Thomson by Tullow in relation to that role, and Tullow has not reached an advanced stage of discussions with Mr Thomson in relation to the terms on which he might hold such a role.

As required by, and solely for the purposes of, Rule 16.2 of the Code, Morgan Stanley has (in its capacity as independent adviser to the Capricorn Directors for the purposes of Rule 3 of the Code) reviewed the terms of the Employee Retention Arrangements and the proposed transition and integration role for Mr Thomson and has confirmed that, in its opinion, the Employee Retention Arrangements set out above are fair and reasonable as far as Capricorn's Shareholders are concerned. In providing this advice to the Capricorn Directors, Morgan Stanley has taken into account the commercial assessments of the Capricorn Directors.

While each of Tullow and Capricorn currently has their own headquarters, it is the intention of the Combined Group to rationalise its UK office space as soon as possible following Completion. Tullow intends that the Combined Group will retain premises in London and Edinburgh and, through the application of a flexible work policy, enable employees to operate from both premises. Immediately following Completion, the headquarters of the Combined Group will be Tullow's office in London, subject to any obligations to inform and consult with affected employees and/or their representatives. The Combined Group does not otherwise envisage any redeployment of Capricorn's fixed asset base.

Owing to the nature of its business, Capricorn has no research and development function and Tullow has no intentions in this regard.

Tullow intends that the Combined Group will not make any changes with regard to the agreed employer contributions to either Tullow's or Capricorn's existing defined contribution pension schemes or the accrual of benefits to existing members or the admission of new members to such pension schemes.

Listing and re-registration

Following Completion, the Combined Group will retain Tullow's listing of Tullow Shares on the Official List and admission to trading on the London Stock Exchange.

The Capricorn Shares are currently listed on the Official List and admitted to trading on the London Stock Exchange. As set out in paragraph 16, applications will be made for the cancellation of the listing of the Capricorn Shares on the Official List and the cancellation of trading of the Capricorn Shares on the London Stock Exchange. Tullow intends to re-register Capricorn as a private company as soon as it is appropriate to do so under the provisions of the Companies Act.

Change of name

A name change is intended to take effect upon completion of the Combination, and a further update will be provided in due course. The new name will not include the words "Tullow" or "Capricorn". Tullow and Capricorn will consult with key stakeholders as the new corporate name for the Combined Group is considered.

No statements in this paragraph 10 constitute "post-offer undertakings" for the purposes of Rule 19.5 of the Code.

11. Capricorn Share Plans

Participants in the Capricorn Share Plans will be contacted regarding the effect of the Combination on their options and awards under the Capricorn Share Plans.

A summary of the effect of the Combination on outstanding options and awards under the Capricorn Share Plans is as follows:

- (A) options granted under the Capricorn Long Term Incentive Plan (2017), the Capricorn Long Term Incentive Plan (2009) and the Capricorn Employee Share Award Scheme (2015) will be automatically “rolled-over” into comparable options over Tullow Shares (unless the relevant option holder does not agree to the rollover, in which case the relevant option will lapse upon the Court Order);
- (B) options granted under the Capricorn Approved Share Option Plan (2009) and the Capricorn Unapproved Share Option Plan (2009) will remain exercisable for a period of no longer than six months after the Court Order is obtained, at the end of which they will lapse. However, as an alternative, Tullow will offer participants in the Capricorn Approved Share Option Plan (2009) and the Capricorn Unapproved Share Option Plan (2009) the opportunity to exchange or “rollover” their options for equivalent options over Tullow Shares; and
- (C) Capricorn Shares held under the Capricorn 2010 Share Incentive Plan at the Scheme Record Time will participate in the Scheme in the same way as other Capricorn Shares.

Details of the proposals will be set out in the Scheme Document or, as the case may be, the Offer Document, and in separate letters to be sent to participants in the relevant Capricorn Share Plans.

The Combination will extend to any Capricorn Shares which are unconditionally allotted or issued before the Scheme Record Time, including those allotted or issued as a result of the exercise of options or vesting of awards under the Capricorn Share Plans.

As the Scheme will not extend to Capricorn Shares issued after the Scheme Record Time, it is proposed to amend Capricorn's articles of association at the Capricorn General Meeting to provide that, if the Combination become effective, any Capricorn Shares issued to any person after the Scheme Record Time (including in satisfaction of an option exercised under one of the Capricorn Share Plans) will be automatically transferred to Tullow in consideration for the issue or transfer by Tullow to such persons of New Tullow Shares for each Capricorn Share so transferred on the same basis as under the Scheme.

As required by, and solely for the purposes of Rule 16.2 of the Code, Morgan Stanley has (in its capacity as independent adviser to Capricorn for the purposes of Rule 3 of the Code) reviewed the terms of the rollover of options under the Capricorn Share Plans, together with other information deemed relevant, and advised Capricorn that the rollover of such options is fair and reasonable so far as the Capricorn Shareholders are concerned. In providing this advice to the Capricorn Directors, Morgan Stanley has taken into account the commercial assessments of the Capricorn Directors.

12. Structure of the Combination

It is intended that the Combination will be implemented by means of a Court-sanctioned scheme of arrangement under Part 26 of the Companies Act.

The purpose of the Scheme is to provide for Tullow to become the owner of the entire issued and to be issued share capital of Capricorn. In order to achieve this, the Scheme Shares will be transferred to Tullow under the Scheme. In consideration for this transfer, the Scheme Shareholders will receive New Tullow Shares on the basis set out in paragraph 2. The transfer to Tullow of the Scheme Shares will result in Capricorn becoming a wholly-owned subsidiary of Tullow.

The Combination is subject to the Conditions and further terms set out in Appendix 1 of this Announcement and to be set out in the Scheme Document.

In order for the Scheme to become Effective:

- (a) the Scheme must be approved by Capricorn Shareholders who are on the register of members of Capricorn at the Voting Record Time by the passing of a resolution at the Court Meeting. This resolution must be approved by a majority in number of

- such Capricorn Shareholders (or relevant classes thereof) present and voting (and entitled to vote) at the Court Meeting, and any separate class meeting(s) which may be required by the Court either in person or by proxy, representing not less than 75 per cent. in value of such Capricorn Shareholders (or relevant classes thereof);
- (b) resolutions to deal with certain ancillary matters in connection with the Scheme must be passed at the Capricorn General Meeting to be held immediately after the Court Meeting;
 - (c) following the Court Meeting, the Scheme must also be sanctioned by the Court; and
 - (d) following the sanction by the Court, a copy of the Court Order must be delivered to the Registrar of Companies for registration.

The Scheme will only become Effective if, among other things, the events described in the paragraph immediately above occur no later than the Long Stop Date.

Additionally, the Scheme will lapse if, amongst other things:

- (a) the Court Meeting and Capricorn General Meeting are not held on or before the 22nd day after the expected date of such meetings, which will be set out in the Scheme Document in due course (or such later date as may be agreed by Tullow and Capricorn with the consent of the Panel and, if required, the Court);
- (b) the Court Sanction Hearing is not held on or before the 22nd day after the expected date of such hearing, which will be set out in the Scheme Document in due course (or such later date as may be agreed by Tullow and Capricorn with the consent of the Panel and, if required, the Court); or
- (c) the Scheme does not become Effective on or before the Long Stop Date.

Any Scheme Shareholder is entitled to attend the Court Sanction Hearing in person or through counsel to support or oppose the sanctioning of the Scheme.

Once the Scheme becomes Effective, it will be binding on all Scheme Shareholders, whether or not they voted at the Court Meeting and/or the Capricorn General Meeting and, if they did vote, whether or not they voted in favour of or against the resolutions proposed at those meetings.

The terms of the Scheme will provide that the Capricorn Shares will be acquired under the Scheme fully paid and free from all liens, equitable interests, charges, encumbrances, options, rights of pre-emption and any other third party rights or interests of any nature whatsoever and together with all rights attaching thereto, including the right to receive and retain all dividends and other distributions and returns of value declared, paid or made after the Effective Date.

No dividends or other distributions are intended to be announced, declared, made or paid by Tullow or Capricorn following this Announcement and until the Scheme becomes Effective (or lapses), other than in connection with the \$25 million tranche of the Capricorn share buyback programme announced by Capricorn on 7 April 2022. Notwithstanding the foregoing intention, if after the date of this Announcement and prior to the Effective Date any dividend or distribution is announced, declared, made, paid or becomes payable by Capricorn (other than in connection with the \$25 million tranche of the Capricorn share buyback programme announced by Capricorn on 7 April 2022), Tullow will have the right to reduce the value of the consideration payable for the Capricorn Shares by up to the amount of any such dividend or distribution except where the Capricorn Shares are or will be acquired pursuant to the Scheme on a basis which entitles Tullow to receive the dividend or distribution and to retain it.

Further details of the Scheme, including an indicative timetable for its implementation, will be set out in the Scheme Document. It is intended that the Scheme Document will be despatched to Capricorn Shareholders following receipt (where required) of the consents, approvals or waivers referred to in paragraph 8 above and in or around the fourth quarter of

2022 (unless otherwise agreed by the Panel, Tullow and Capricorn) and a further announcement regarding the publication of the Scheme Document will be made in due course. For the purposes of paragraph 3(a) of Appendix 7 to the Code, the Panel has consented to an extension of the applicable date for posting.

Tullow reserves the right, subject to the prior consent of the Panel and the terms of the Co-operation Agreement, to elect to implement the Combination by way of a takeover offer (as such term is defined in section 974 of the Companies Act). In such event, such takeover offer will be implemented on the same terms (subject to appropriate amendments as described in Part 3 of Appendix 1), so far as applicable, as those which would apply to the Scheme. Furthermore, if such offer is made and sufficient acceptances of such offer are received, when aggregated with Capricorn Shares otherwise acquired by Tullow, it is the intention of Tullow to apply the provisions of section 979 of the Companies Act to acquire compulsorily any outstanding Capricorn Shares to which such offer relates.

13. Tullow Shareholder approval and Prospectus

The Combination constitutes a Class 1 transaction for Tullow. Accordingly, Tullow will be required to seek the approval of Tullow Shareholders for the Combination at the Tullow General Meeting.

The Tullow Directors intend to recommend, unanimously, Tullow Shareholders to vote in favour of the relevant resolutions at the Tullow General Meeting which will be convened in connection with the Combination, as the Tullow Directors who hold Tullow Shares have irrevocably undertaken to do in respect of their entire beneficial holdings of, in aggregate, 1,555,824 Tullow Shares, representing approximately 0.1 per cent. of Tullow's issued share capital on 31 May 2022 (being the last Business Day prior to the date of this Announcement).

Tullow will prepare and send to Tullow Shareholders the Circular summarising the background to and reasons for the Combination which will include a notice convening the Tullow General Meeting. The Combination is conditional on, among other things, the Tullow Resolutions being passed by the requisite majority of Tullow Shareholders at the Tullow General Meeting (but not, for the avoidance of doubt, any other resolutions to be proposed at the Tullow General Meeting which shall not be Conditions to the Combination).

Tullow will also be required to produce the Prospectus in connection with the issue of the New Tullow Shares and Admission. The Prospectus will contain information relating to the Combined Group and the New Tullow Shares. The Prospectus, containing information about the New Tullow Shares, will be published at or around the same time as the Scheme Document is posted to Capricorn Shareholders. The Circular, containing details of the Combination and notice of the Tullow General Meeting, will also be posted to Tullow Shareholders at or around the same time as the Scheme Document is posted to Capricorn Shareholders, and the Tullow General Meeting will be held at or around the same time and on the same date as the Court Meeting and/or the Capricorn General Meeting.

Following publication, the Prospectus and the Circular will be made available by Tullow on its website at <https://www.tullwoil.com/> and by Capricorn on its website at <https://www.capricorneenergy.com/all-share-merger>.

14. Information on the Tullow Group

Tullow is a leading independent oil and gas, exploration and production group, and is a constituent of the FTSE 250 Index. Tullow has producing assets in West Africa, material positions in discovered resources in Kenya and emerging basins in Latin America. Tullow is headquartered in London and its shares are listed on the London, Irish and Ghana stock exchanges. Tullow also pursues near-field exploration opportunities in and around its producing and development assets.

Tullow is a full cycle upstream oil and gas company, operating assets through the lifecycle of exploration and appraisal, through to the development and production phase to decommissioning at the end of life. Tullow's business is focused on finding, or acquiring assets to extract, oil and gas which is then sold in the global commodity market. By doing this, Tullow is able to unlock and maximise value from the hydrocarbon resources of its host

nations. Tullow is committed to doing this efficiently and safely, while minimising its environmental impact.

In 2021, the Tullow Group's working interest production averaged 59.2 kboepd, with notable production growth from the Jubilee field in Ghana and Simba field in Gabon.

Exploration and appraisal

In addition to selective exploration in emerging basins, Tullow is focused on leveraging its geoscience expertise to enhance the value of its core assets. This is largely done through 'Infrastructure-led exploration', which involves identifying new resources near existing infrastructure.

Development

Tullow has made material discoveries in East Africa and has been progressing its project in Northern Kenya towards development. Tullow's development activities are focused on preparing capital efficient development plans that enable the production of discovered resources. For Tullow, this primarily relates to Project Oil Kenya and further developments of its existing producing fields such as the Jubilee South East Development.

Production

Tullow's production assets are in West Africa with offshore production from Ghana, Gabon and Côte d'Ivoire. Tullow has a goal to become a leading West African operator and is striving for top quartile operating performance in terms of safety, emissions, reliability and costs. Tullow operates both the Jubilee and TEN fields in Ghana and works in partnership with the operators of its non-operated assets.

For the year ended 31 December 2021, Tullow reported profits from continuing activities before tax of \$202.7 million and gross assets of \$5,540.6 million.

15. Information on the Capricorn Group

Capricorn is a leading independent upstream energy company which has historically discovered, developed, and produced oil and gas around the world. It is headquartered in Edinburgh and its shares are listed on the London Stock Exchange, where it is a constituent of the FTSE 250 index.

Capricorn's current focus is the growth of its gas and liquids production base through development and exploration, using its portfolio of development, production and exploration assets. Its assets include interests in Egypt, Mauritania, Mexico, Suriname and the UK.

Capricorn's business model is to hold assets within the oil and gas life cycle in order to create, add and deliver value for stakeholders. The cash flow from production assets funds exploration, appraisal and development activity. Assets can be monetised at different stages of hydrocarbon exploration, development and production in order to optimise the portfolio and create the opportunity for further cash returns to shareholders.

Capricorn adheres to high sustainability standards, and it invests to ensure its portfolio remains competitive through stringent energy transition scenarios. It is committed to net zero carbon emissions by 2040.

In 2021, the Capricorn Group's working interest production averaged 36.5 kboepd post completion of its acquisition of assets in Egypt.

For the year ended 31 December 2021, Capricorn reported profits before tax from continuing operations of \$873.7 million and gross assets of \$2,246.4 million.

16. De-listing and re-registration

It is expected that the last day of dealings in, and for registration of transfers of, Capricorn Shares (other than the registration of the transfer of the Scheme Shares to Tullow pursuant to the Scheme) will be the last Business Day prior to the Effective Date, following which all of the Capricorn Shares will be suspended from the Official List and from trading on the London Stock Exchange's Main Market for listed securities, and Capricorn Shares will be disabled in CREST.

On the Effective Date, all share certificates in respect of Capricorn will cease to be valid and should be destroyed and, by the first Business Day after the Effective Date, entitlements to Capricorn Shares in CREST will be cancelled.

Applications will be made to the FCA for the cancellation of the listing of the Capricorn Shares on the Official List and to the London Stock Exchange for the cancellation of the admission to trading of Capricorn Shares on the London Stock Exchange's Main Market for listed securities. It is expected that such delisting and cancellation of admission to trading would take effect on the Business Day after the Effective Date.

If the Scheme is sanctioned, any Capricorn shares held in treasury will be cancelled prior to the Scheme Record Time.

Tullow intends to re-register Capricorn as a private company as soon as it is appropriate to do so under the provisions of the Companies Act.

17. **Settlement, listing and dealing of New Tullow Shares**

Once the Scheme has become Effective, New Tullow Shares will be allotted to the Scheme Shareholders. The New Tullow Shares will be issued credited as fully paid and will rank pari passu in all respects with the Tullow Shares in issue at the time the New Tullow Shares are issued pursuant to the Combination, including the right to receive and retain in full all dividends and other distributions (if any) announced, declared, made or paid, or any other return of value (whether by reduction of share capital or share premium account or otherwise) made, in each case by reference to a record date falling on or after the Effective Date.

It is intended that applications will be made to the FCA and the London Stock Exchange, respectively, for the New Tullow Shares to be admitted to the premium listing segment of the Official List of the FCA and to trading on the London Stock Exchange's Main Market for listed securities (together, the "**UK Admission**"). Applications will also be made to the Ghana Stock Exchange and the Ghana SEC for the New Tullow Shares to be admitted to the First Official List of the Ghana Stock Exchange and to trading on the Ghana Stock Exchange (together, the "**Ghana Admission**"). Subject to the outcome of Tullow's review as to the continued appropriateness of the continued listing of its shares on the secondary listing segment of the Official List of Euronext Dublin and to trading on the Euronext Dublin Market, if Tullow decides to maintain such listing and admission to trading then applications will also be made to Euronext Dublin for the New Tullow Shares to be admitted to the secondary listing segment of the Official List of Euronext Dublin as an overseas company and to trading on the Euronext Dublin Market operated by Euronext Dublin (together, the "**Irish Admission**", and together with the UK Admission and the Ghana Admission, "**Admission**"). It is expected that UK Admission and Ghana Admission will become effective, and if applications are made for Irish Admission that Irish Admission will become effective, and that dealings for normal settlement in the New Tullow Shares will commence, at 8.00 a.m. on the first Business Day after the date on which the Scheme becomes Effective. The existing Tullow Shares are admitted to CREST. It is expected that all of the New Tullow Shares, when issued and fully paid, will be capable of being held and transferred by means of CREST.

Further details on listing, dealing and settlement will be included in the Scheme Document.

18. **Offer-related arrangements**

18.1 *Confidentiality Agreement*

Tullow and Capricorn entered into a confidentiality agreement on 31 May 2022. Pursuant to the confidentiality agreement Tullow and Capricorn agreed to keep confidential certain information provided by the other party for the purposes of evaluating the Combination. The confidentiality obligations will not apply to confidential information the disclosure of which is required by any applicable law, including by stock exchange regulations or by a governmental order, decree, regulation or rule.

18.2 *Co-operation Agreement*

Tullow and Capricorn have entered into a Co-operation Agreement dated 1 June 2022, pursuant to which Tullow has agreed to take all required, necessary or advisable steps to pursue the clearances required to satisfy the regulatory Conditions (provided that such clearances are on terms satisfactory to Tullow and Capricorn), with a view to satisfying such conditions as soon as is reasonably practicable. Tullow and Capricorn have agreed to co-operate with each other in good faith to provide each other, in a timely manner, with such information, assistance and access as may reasonably be required in order to obtain the regulatory clearances and authorisations. Tullow and Capricorn have also agreed to co-operate with each other in good faith to provide each other, in a timely manner, with such information, assistance and access as may reasonably be required for the preparation of the key shareholder documentation.

Under the terms of the Co-operation Agreement, it has been agreed between Tullow and Capricorn that Simon Thomson will step down as CEO of Capricorn and his employment will terminate with effect from Completion. He will assume a transitional advisory role as Chair of the Integration Steering Committee to help with the integration of the two companies on commercial terms to be agreed. Under the terms of his service agreement, Mr Thomson will in accordance with the terms of his employment contract receive (i) a sum in lieu of salary and the value of benefits for his 12-month notice period and (ii) an amount equal to his annual salary by way of compensation for the termination of his employment in connection with the change of control of Capricorn.

Tullow has the right to terminate the Co-operation Agreement where:

- (A) the Capricorn General Meeting and/or the Court Meeting and/or the Court Sanction Hearing is not held on or before the 22nd day after the expected date of such meeting or hearing as set out in the Scheme Document (or such later date as may be agreed in writing between the parties with the consent of the Panel and the approval of the Court (if such approval is required));
- (B) the Scheme Document and, if different, the document convening the Capricorn General Meeting does not include the unconditional recommendation that the Capricorn Shareholders vote in favour of the Scheme;
- (C) Capricorn makes an announcement that:
 - (i) it no longer intends to make an unconditional recommendation that the Capricorn Shareholders vote in favour of the Scheme;
 - (ii) it will not convene the Court Meeting or the Capricorn General Meeting, or it will delay the convening of or will adjourn the Court Meeting or the Capricorn General Meeting for a period longer than 22 days after the expected date of such meeting as set out in the Scheme Document (or such later date as may be agreed in writing between the parties with the consent of the Panel and the approval of the Court (if such approval is required)), in each case without the consent of Tullow; or
 - (iii) it intends not to post the Scheme Document or, if different, the document convening the Capricorn General Meeting;
- (D) the Capricorn Directors publicly withdraw, qualify or modify their unconditional recommendation that the Capricorn Shareholders vote in favour of the Scheme; or
- (E) a competing transaction is recommended by the Capricorn Directors.

Capricorn has the right to terminate the Co-operation Agreement where:

- (A) the Tullow Directors have withdrawn, qualified, modified or they have failed to reaffirm (when reasonably requested by Capricorn to do so) their unconditional recommendation that the Tullow Shareholders vote in favour of the Tullow Resolutions at the Tullow General Meeting (including, prior to the publication of the Tullow Circular, their intention to do so);
- (B) Tullow adjourns or postpones the Tullow General Meeting for longer than 15 days; or

- (C) the Tullow Resolutions are not passed by the requisite majority at the Tullow General Meeting.

Tullow and Capricorn may also terminate the Co-operation Agreement by mutual consent.

Tullow and Capricorn may each also terminate the Co-operation Agreement by service of written notice on the other if the Combination is being implemented by way of the Scheme and:

- (A) a competing offer by a third party becomes effective;
- (B) if any Condition is invoked by Tullow (where permitted by the Panel);
- (C) the Combination is withdrawn or lapses before the Long Stop Date, other than where Tullow has exercised its right to implement the Combination as an Offer (with the consent of the Panel and subject to the approval of Capricorn (or otherwise in accordance with the Co-operation Agreement));
- (D) the Scheme is not approved by the requisite majority of Capricorn Shareholders at the Court Meeting or the Capricorn Resolutions are not passed by the requisite majority at the Capricorn General Meeting;
- (E) the Court refuses to sanction the Scheme or grant the Court Order at the Court Sanction Hearing; or
- (F) the Scheme has not become effective by the Long Stop Date.

The Co-operation Agreement also contains provisions that will apply in respect of the Capricorn Share Plans and certain other employee arrangements, as referred to in paragraphs 10 and 11 above.

19. **Overseas shareholders**

The distribution of this Announcement to, and the availability of the Combination and/or New Tullow Shares to be issued pursuant to the Combination to, persons not resident in the United Kingdom may be affected by the laws and regulations of the relevant jurisdiction. Such persons should inform themselves of and observe any applicable legal or regulatory requirements. Further details in relation to overseas shareholders will be contained in the Scheme Document.

This Announcement does not constitute, or form part of, any offer for, or any solicitation of any offer for, securities, nor is it a solicitation of any vote or approval in any jurisdiction, nor will there be any purchase or transfer of the securities referred to in this Announcement in any jurisdiction in contravention of applicable law or regulation.

The New Tullow Shares to be issued pursuant to the Combination have not been, and, unless Tullow otherwise elects in the event of a Takeover Offer, will not be, registered under the U.S. Securities Act or under any laws of any state, district or other jurisdiction, of the United States. Accordingly, unless an exemption under relevant securities laws is available, including the exemption from the registration requirements of the U.S. Securities Act provided by Section 3(a)(10) thereof, the New Tullow Shares are not being, and may not be, offered, sold, resold, delivered or distributed, directly or indirectly, in, into or from the United States. Neither the U.S. Securities and Exchange Commission nor any U.S. state securities commission has approved or disapproved of the existing Tullow Shares or New Tullow Shares or determined if this Announcement is accurate or complete. Any representation to the contrary is a criminal offence.

20. **Disclosure of interests in Capricorn Shares**

As at the close of business on 30 May 2022 (being the last practicable date prior to the publication of this Announcement), save for the irrevocable undertakings referred to in paragraph 9 above, neither Tullow, nor any of the Tullow Directors, nor, so far as Tullow is aware, any person acting in concert (within the meaning of the Code) with Tullow has:

- a) any interest in, or right to subscribe for, any Capricorn Shares nor does any such person have any short position in Capricorn Shares, including any short position

- under a derivative, any agreement to sell, any delivery obligation or right to require another person to purchase or take delivery of Capricorn Shares; or
- b) borrowed or lent any Capricorn Shares or entered into any financial collateral arrangements relating to Capricorn Shares; or
 - c) any dealing arrangement of the kind referred to in Note 11 on the definition of acting in concert in the Code in relation to Capricorn Shares or in relation to securities convertible or exchangeable into Capricorn Shares,

and "interests in securities" for these purposes arise, in summary, when a person has long economic exposure, whether absolute or conditional, to changes in the price of securities (and a person who only has a short position in securities is not treated as interested in those securities). In particular, a person will be treated as having an 'interest' by virtue of the ownership, voting rights or control of securities, or by virtue of any agreement to purchase, option in respect of, or derivative referenced to, securities.

In the interests of secrecy prior to this Announcement, Tullow has not made any enquiries in respect of the matters referred to in this paragraph of certain parties who may be deemed by the Panel to be acting in concert with Tullow for the purposes of the Combination. Further enquiries will be completed prior to publication of Tullow's Opening Position Disclosure.

21. Expected timetable

Further details of the Scheme will be contained in the Scheme Document which is intended to be despatched to Capricorn Shareholders following receipt (where required) of the consents, approvals or waivers referred to in paragraph 8 above and in or around the fourth quarter of 2022 (unless otherwise agreed with the Panel). A further announcement regarding the publication of the Scheme Document will be made in due course. For the purposes of paragraph 3(a) of Appendix 7 of the Code, the Panel has consented to an extension of the applicable date for posting.

Further details on the timetable for implementation of the Scheme will be set out in the Scheme Document, which will also include the notices of the Court Meeting and the Capricorn General Meeting and specify the necessary actions to be taken by Capricorn Shareholders.

Subject to satisfaction or waiver of the relevant Conditions as set out in Appendix 1 to this Announcement, the Scheme is expected to become Effective in the fourth quarter of 2022.

Such Takeover Offer would be made in the United States by Tullow and no one else.

Notes regarding New Tullow Shares

The New Tullow Shares to be issued pursuant to the Scheme have not been and will not be registered under the U.S. Securities Act of 1933 (as amended) or under the relevant securities laws of any state or territory or other jurisdiction of the United States. It is expected that the New Tullow Shares will be issued in reliance upon the exemption from the registration requirements of the U.S. Securities Act of 1933 (as amended) provided by Section 3(a)(10) thereof. For the purpose of qualifying for the exemption provided by Section 3(a)(10) of the U.S. Securities Act, Tullow will advise the Court that its sanctioning of the Scheme will be relied on by Tullow for the purposes of a Section 3(a)(10) exemption following a hearing on the fairness of the Scheme to Capricorn Shareholders. Disclosure requirements

Under Rule 8.3(a) of the Code, any person who is interested in 1% or more of any class of relevant securities of an offeree company or of any securities exchange offeror (being any offeror other than an offeror in respect of which it has been announced that its offer is, or is likely to be, solely in cash) must make an Opening Position Disclosure following the commencement of the offer period and, if later, following the announcement in which any securities exchange offeror is first identified. An Opening Position Disclosure must contain details of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s). An Opening Position Disclosure by a person to whom Rule 8.3(a) applies must be made by no later than 3.30 pm (London time) on the 10th business day following the commencement of the offer period and, if appropriate, by no later than 3.30 pm (London time) on the 10th business day following the announcement in which any securities exchange offeror is first identified. Relevant persons who deal in the relevant securities of the offeree company or of a securities exchange offeror prior to the deadline for making an Opening Position Disclosure must instead make a Dealing Disclosure.

Under Rule 8.3(b) of the Code, any person who is, or becomes, interested in 1% or more of any class of relevant securities of the offeree company or of any securities exchange offeror must make a Dealing Disclosure if the person deals in any relevant securities of the offeree company or of any securities exchange offeror. A Dealing Disclosure must contain details of the dealing concerned and

of the person's interests and short positions in, and rights to subscribe for, any relevant securities of each of (i) the offeree company and (ii) any securities exchange offeror(s), save to the extent that these details have previously been disclosed under Rule 8. A Dealing Disclosure by a person to whom Rule 8.3(b) applies must be made by no later than 3.30 pm (London time) on the business day following the date of the relevant dealing.

If two or more persons act together pursuant to an agreement or understanding, whether formal or informal, to acquire or control an interest in relevant securities of an offeree company or a securities exchange offeror, they will be deemed to be a single person for the purpose of Rule 8.3.

Opening Position Disclosures must also be made by the offeree company and by any offeror and Dealing Disclosures must also be made by the offeree company, by any offeror and by any persons acting in concert with any of them (see Rules 8.1, 8.2 and 8.4).

Details of the offeree and offeror companies in respect of whose relevant securities Opening Position Disclosures and Dealing Disclosures must be made can be found in the Disclosure Table on the Takeover Panel's website at www.thetakeoverpanel.org.uk, including details of the number of relevant securities in issue, when the offer period commenced and when any offeror was first identified. You should contact the Panel's Market Surveillance Unit on +44 (0)20 7638 0129 if you are in any doubt as to whether you are required to make an Opening Position Disclosure or a Dealing Disclosure.

The deadlines in the Conditions set out at paragraphs 1(a), 1(b) and 1(c) may also be extended to such later date as may be agreed in writing by Tullow and Capricorn (with the Panel's consent and approval of the Court, if required). If any of the Conditions set out at paragraphs 1(a), 1(b) and 1(c) are not satisfied by the relevant deadline specified in the relevant Condition, Tullow shall make an announcement by 8.00 a.m. on the Business Day following such deadline confirming whether, subject to paragraph 3 below and the other sub-paragraphs of this Part 2, it has invoked the relevant Condition, waived the relevant deadline or agreed with Capricorn to extend the relevant deadline.
3. Tullow shall be under no obligation to waive (if capable of waiver), to determine to be or remain satisfied or to treat as satisfied any of Conditions 3(c) to (l) (inclusive) by a date earlier than the latest date specified above for the fulfilment of the relevant Condition, notwithstanding that the other Conditions to the Combination may at such earlier date have been waived or fulfilled and that there are at such earlier date no circumstances indicating that any such Condition(s) may not be capable of fulfilment.
4. Under Rule 13.5(a) of the Code, Tullow may not invoke a Condition to the Combination so as to cause the Combination not to proceed or to be withdrawn unless the circumstances which give rise to the right to invoke the Condition are of material significance to Tullow in the context of the Combination.
5. Tullow may only invoke a condition that is subject to Rule 13.5(a) with the consent of the Panel and any condition that is subject to Rule 13.5(a) may be waived by Tullow.
6. Conditions 1, 2, 3(a)(i), 3(a)(ii) and 3(b) are not subject to Rule 13.5(a) of the Code.
7. Each of the Conditions shall be regarded as a separate Condition and shall not be limited by reference to any other Condition.

8. Tullow reserves the right to elect (subject to the consent of the Panel and the terms of the Co-operation Agreement) to implement the Combination by way of a takeover offer (as

defined in section 974 of the Companies Act). In such event, such offer will (unless otherwise determined by Tullow and subject to the consent of the Panel) be implemented on the same terms and conditions subject to the terms of the Co-operation Agreement and appropriate amendments to reflect the change in method of effecting the Combination, which may include changing the consideration structure under the terms of the Combination and (without limitation and subject to the consent of the Panel) an acceptance condition set at 75 per cent. (or such lesser percentage, being more than 50 per cent., as Tullow may decide) of the voting rights then exercisable at a general meeting of Capricorn, including, for this purpose, any such voting rights attaching to Capricorn Shares that are unconditionally allotted or issued, and to any Treasury Shares which are unconditionally transferred or sold by Capricorn, before the takeover offer becomes or is declared unconditional, whether pursuant to the exercise of any outstanding subscription or conversion rights or otherwise.

9. The Scheme and any dispute or claim arising out of, or in connection with, it (whether contractual or non-contractual in nature) will be governed by Scots law, and will be subject to the jurisdiction of the Scottish courts. No dividends or other distributions are intended to be announced, declared, made or paid by Tullow or Capricorn following this Announcement and until the Scheme becomes Effective (or lapses), other than in connection with the \$25 million tranche of the Capricorn share buyback programme announced by Capricorn on 7 April 2022. Notwithstanding the foregoing intention, if after the date of this Announcement and prior to the Effective Date any dividend or distribution is announced, declared, made, paid or becomes payable by Capricorn (other than in connection with the \$25 million tranche of the Capricorn share buyback programme announced by Capricorn on 7 April 2022), Tullow will have the right to reduce the value of the consideration payable for the Capricorn Shares by up to the amount of any such dividend or distribution except where the Capricorn Shares are or will be acquired pursuant to the Scheme on a basis which entitles Tullow to receive the dividend or distribution and to retain it.
11. The availability of the Combination and/or New Tullow Shares to persons not resident in the United Kingdom may be affected by the laws of the relevant jurisdictions. Persons who are not resident in the United Kingdom should inform themselves about and observe any applicable requirements. The New Tullow Shares to be issued pursuant to the Combination have not been and, unless Tullow otherwise elects in the event of a Takeover Offer, will not be, registered under the U.S. Securities Act or under any laws of any state, district or other jurisdiction, of the United States, under any of the relevant securities laws of any other Restricted Jurisdiction. Accordingly, the New Tullow Shares may not be offered, sold or delivered, directly or indirectly, in the United States or any other Restricted Jurisdiction, except pursuant to exemptions from applicable requirements of any such jurisdiction, including the exemption from the registration requirements of the U.S. Securities Act provided by Section 3(a)(10) thereof.
12. The New Tullow Shares to be issued under the Scheme will be issued credited as fully paid and will rank pari passu with the issued ordinary shares in Tullow, including the right to receive and retain in full all dividends and other distributions (if any) announced, declared, made or paid, or any other return of value (whether by reduction of share capital or share premium account or otherwise) made, in each case by reference to a record date falling on or after the Effective Date. Applications will be made to the FCA and the London Stock Exchange, respectively, for the New Tullow Shares to be admitted to the premium listing segment of the Official List of the FCA and to trading on the main market for listed securities of the London Stock Exchange. Applications will also be made to the Ghana Stock Exchange

and the Ghana SEC for the New Tullow Shares to be admitted to a secondary listing on the First Official List of the Ghana Stock Exchange and to trading on the Ghana Stock Exchange. Subject to the outcome of Tullow's review as to the continued appropriateness of the continued listing of its shares on the secondary listing segment of the Official List of Euronext Dublin and to trading on the Euronext Dublin Market, if Tullow decides to maintain such listing and admission to trading then applications will also be made to Euronext Dublin for the New Tullow Shares to be admitted to the secondary listing segment of the Official List of Euronext Dublin and to trading on the Euronext Dublin Market operated by Euronext Dublin.

13. Fractions of New Tullow Shares will not be allotted or issued to Capricorn Shareholders. Fractional entitlements to New Tullow Shares will be aggregated and sold in the market and the net proceeds of sale distributed pro rata to the Capricorn Shareholders entitled thereto. APPENDIX 4
QUANTIFIED FINANCIAL BENEFITS STATEMENT AND REPORTS

PART A

Paragraph 4 of Part II of this Announcement (Financial benefits and effects of the Combination) contains statements of estimated cost savings and synergies arising from the Combination (together, the "**Quantified Financial Benefits Statement**").

A copy of the Quantified Financial Benefits Statement is set out below.

"The Tullow Board, having reviewed and analysed the potential cost synergies of the Combination, and taking into account the factors it can influence, believes the Combination will result in \$50 million of pre-tax net cash cost synergies on an annual run-rate basis by the second anniversary of the completion of the Combination.

The quantified net cash cost synergies are expected to originate from the following areas, subject to any obligations to inform and consult with employees and/or their representatives:

- **Corporate:** approximately 26% of the identified net cash cost synergies are expected to be generated from de-duplication and rationalisation of Board, executive leadership and other costs associated with a listed company;
- **Central operational and technical functions:** 32% of the identified net cash cost synergies are expected to be generated from consolidation and rationalisation of central operational and technical functions, driven by increased scale and alignment of operating models; and
- **Administrative functions:** 42% of the identified net cash cost synergies are expected to be generated from consolidation and de-duplication of overlapping administrative functions (including IT) and third-party spend.

The Tullow Board expects approximately 71% of these anticipated quantified net cash cost synergies to be achieved by the end of the first twelve month period following completion of the Combination.

The Tullow Board estimates that realisation of these net cash cost synergies will give rise to one-off costs of approximately \$45 million incurred in the two years post-completion of the Combination. The Tullow Board has considered potential areas of dis-synergy and these were determined to be immaterial for the analysis.

These anticipated net cash cost synergies will accrue as a direct result of the Combination and would not be achieved on a standalone basis."

Further information on the bases of belief supporting the Quantified Financial Benefits Statement, including the principal assumptions and sources of information, is set out below.

Bases of belief

Following commencement of discussions regarding the Combination, teams comprised of Executive leadership and senior finance and HR personnel at Tullow and Capricorn have worked to identify, challenge, and quantify potential synergies available from the Combination as well as to estimate the potential costs to achieve such net cash cost synergies and any associated costs.

In preparing the Quantified Financial Benefits Statement, both Tullow and Capricorn have shared certain organisational and financial information to facilitate analysis in support of evaluating the potential net cash cost synergies available from the creation of the Combined Group. The Tullow team has sought to include in the synergy analysis those costs which it believes will either be reduced or eliminated as part of the Combined Group.

In circumstances where the scope of data exchanged or the individuals having access to it has been limited for commercial or other reasons, Tullow has made estimates and assumptions to aid its development of individual synergy initiatives.

The synergy assumptions have been risk adjusted.

In arriving at the Quantified Financial Benefits Statement, the Tullow Board has, in addition, made the following assumptions (some or all of which are outside the influence of the Tullow Group):

- No material change to macroeconomic, political, legal or regulatory conditions in the markets or regions in which Tullow and Capricorn operate;
- No material change in accounting standards;
- No material change to the underlying operations of either business from the Combination;
- No material impact from divestments from either the Tullow or Capricorn existing businesses;
- Net cash cost synergies are estimated net of General and Administrative costs charged to joint venture partners, based on the combined average recharge of the current asset base and joint venture arrangements of the Tullow and Capricorn existing joint ventures (with no future changes assumed);
- The actual realised synergy benefit may arise in net General and Administrative, operating expenditure or capital expenditure;
- No material change in current foreign exchange rates;
- D&O insurance is assumed to reduce in line with the expected improved financial risk of the Combined Group.

The baselines used for the quantified net cash cost synergies are:

- Relating to non-payroll costs: FY22 forecast gross cash cost information for both Tullow and Capricorn (including three months of FY22 actuals for Capricorn).
- Relating to payroll: latest available headcount and associated costs for both Tullow and Capricorn.

Reports

As required by Rule 28.1(a) of the Code, KPMG, as reporting accountants to Tullow, has provided a report stating that, in its opinion, the Quantified Financial Benefits Statement has been properly compiled on the basis stated. In addition, PJT Partners as lead financial adviser to Tullow, has provided a report stating that, in its opinion, the Quantified Financial Benefits Statement has been prepared with due care and consideration. Copies of these reports are included in Part B and Part C of this Appendix 4.

KPMG and PJT Partners have given and not withdrawn their consent to the publication of their reports in the form and context in which they are included.

Notes

The statements of estimated synergies relate to future actions and circumstances which, by their nature, involve risks, uncertainties and contingencies. As a result, the synergies referred to may not be achieved, or may be achieved later or sooner than estimated, or those achieved could be materially different from those estimated.

Due to the scale of the Combined Group, there may be additional changes to the Combined Group's operations. As a result, and given the fact that the changes relate to the future, the resulting synergies may be materially greater or less than those estimated.

No statement should be construed as a profit forecast or interpreted to mean that the Combined Group's earnings in the first full year following implementation of the Combination, or in any subsequent period, would necessarily match or be greater than or be less than those of Tullow and/or Capricorn for the relevant preceding financial period or any other period.
